What Do Women Want For Mother’s Day?

SAFE CHILDREN.

Every day in America, eight children lose their lives to gun violence.

Five months ago, 20 children were killed in their classrooms at Sandy Hook Elementary School.

Two months ago, a 13-month-old Georgia toddler was shot and killed while sitting in his stroller.

Enough is enough.

Many groups are working hard to protect children from gun violence. It’s time to speak up. Find out how you can add your voice:

- momsdemandaction.org
- csgv.org Coalition to Stop Gun Violence
- bradycampaign.org Brady Campaign to Prevent Gun Violence
- mayorsagainstillegalguns.org

Let’s keep all children safe.
